

# GPSport 245 Bike GPS

GPSport 245 is a latest innovation in Holux's product line aimed at giving outdoor people who like jogging, hiking, and biking a bike meter with integrated GPS data logger. In addition to displaying altitude, trip time, total distance, average speed, max speed, and calories consumed, the GPSport 245 enables users to see their tracks on google map and google earth with photos on correct locations. It is also easy for users to upload geotagged photos to Flickr, or other photo sharing web site.

## Specifications

### GPS chip

MTK 3318 single chip.

### Dimension

82 x 54 x 22 mm

### Weight

Total : 72g with battery

### Memory

ROM: 512KB + 4 MB

RAM: 64KB

### Display

128\*128 dots 4gray LCM with

### Backlight

33.5mm\*33.5mm

### Key & LED

Six function keys: Menu/ESC, Left, Up, Down, Right, Enter/Power.

1 bicolor LED, indicating battery power status

### IO interface

Mini-USB charging.

### Battery

1050 mAh, removable Li-ion battery, charging time: 4 hrs

working time :18/28 hrs.  
(backlight/non-backlight)

### Adaptor

Input 100 ~ 240 V, 0.3 A max

DC output 5 V/1.2 A through Mini-USB

### Language support

English/French/German/Spain/Italian/  
Dutch/Portuguese/Traditional/Chinese  
(CHT)/Simplified Chinese (CHS)/  
Japanese

### Function

Save log data and 200,000 waypoints  
Show speed, time, distance, calories  
consumed, routes, compass, log,  
Finder

### PC Application

download log data,  
device setting,  
show log with map  
save to kml file

### Environment temperature

Operating Temp : -10 °C to 50 °C

Storage Temp : -20 °C to 60 °C

### Waterproof

IPX-6
