The Smart Label Printer makes it easy to create and print professional looking labels, quickly, one at a time, without the hassle of standard printers. Create customised formats with your own company logo, mix and match fonts, add graphics or a post office approved bar code.

SmartCopy™ eliminates retyping. With the click of your mouse you can capture an address from many Windows or Mac applications, such as Act!, Goldmine, Outlook, Palm Desktop, Word and Wordperfect.

Create custom labels with 2-D barcodes such as MaxiCode for package shipments or PDF417 for encoding identity data.

Smart Label Software:

- Create a professional look combining multiple fonts, graphics and bar codes using our easy-to-use Smart Label software
- Print labels directly from virtually any Windows or Mac application
- Import lists of contacts or capture text with SmartCopy
- Shrink-to-fit and word wrap ensures addresses and other text fit the label
- Import graphics to create high-quality custom labels with company logos, digital images, etc.
- Automatically print postal bar codes for UK, US, and the Netherlands
- Print digital stamps approved by Deutsche Post and Swiss Post for France, Italy, and Germany
- Print Code 39, UPC-A, UPC-E, EAN 13, I 2/5, Code 128 and Codabar, 2-D MaxiCode, PDF417 and Data Matrix barcodes
- Built-in database saves most commonly used labels for instant recall
